Specialized Contracting Services

ANNUAL N.F.P.A. CODE INSPECTION SERVICE

Triton Industries, Inc. offers a comprehensive line of FIRE HYDRANT SERVICES. Our teams of professionally trained technicians perform annual N.F.P.A. Code compliance inspections, related repairs and maintenance for all makes and models.

ANNUAL N.F.P.A. CODE INSPECTION

- Hydrants are inspected to insure N.F.P.A. Code compliance.
- Audit documentation catalogues over forty attributes for each hydrant.
- Technicians cycle each hydrant to measure static and flow pressures.
- Calculated Gallons Per Minute (GPM) insure proper operating pressures.
- Nozzles are lubricated to insure smooth operation.
- Isolation valves are inspected to insure accessibility.
- Roadway identification markers placed where required.
- Computerized printout shows audit data and test results.
- Hydrants are categorized based on severity of problems for prompt evaluation.
- Audit Program incorporates a comprehensive flushing of the water system.
