

REPAIR AUTHORIZATION FORM

In order for Triton Industries, Inc. to provide an accurate proposal for the repairs required to bring your hydrant up to Code, we will need to assess the hydrant. There is a \$250.00 minimum call out charge for this assessment **that will be waived upon authorization to complete the repairs required.** To schedule this assessment, please complete this authorization form and return to our office by fax. Please include the location of the hydrant.
